**Pair Partner 2: - Syed Muhammad Hammad Irshad(2303.KHI.DEG.032)**

## **UNIT 6.1:**

### **Assignment**

1. Create a new Jira instance: <https://www.atlassian.com/software/jira/free>
2. Add a new scrum project
3. Add some epics, stories and tasks to the project backlog
4. Estimate the stories and tasks
5. Create a team and invite some teammates.
6. Add a 2-week sprint and start it.
7. Plan the sprint: move some items from the backlog, assign them to the teammates.
8. Add 1-2 new columns to the sprint board.
9. Group the items by epic.
10. Move items between the columns and observe their statuses.
11. Check the project insights when at least one item is done
12. Take screenshots of the board and backlog views.

BA01 Sprint 1

Need to extract all data from different sites.

TO DO 1 ISSUE IN PROGRESS 1 ISSUE DONE 1 ISSUE

BA01-7 Extraction of data 3 issues 39/900

Extraction from azure BA01-8 Extraction from aws prodgree BA01-9 Extraction from kaggle

Issues without Epic, no issues

Sprint burndown

0 points, 5 issues unestimated

1 0.8 0.6 0.4 0.2 0

May 22 Remaining work Guidebar May 30

Add estimates to track your progress

Your burndown calculates a remaining amount to story points

Because issues aren't estimated in your sprint.

Learn more

Epic progress

Link epics and estimate issues to drive your big goals

This might show how your current sprint contributes to your larger goals, or epics, helping to maintain focus and perspective. Learn more

The screenshot shows the Ubuntu desktop environment. The top panel features the Dash icon (a magnifying glass) and the Dash to Dock icon (a square icon with a circle). The Dash to Dock icon is highlighted, and a settings window is open, showing the 'Dash to Dock' settings. The settings window has a title bar that reads 'Dash to Dock' and a close button. The settings are organized into sections: 'General' (with options for 'Show Dash to Dock icon' and 'Show Dash to Dock icon in Dash'), 'Appearance' (with options for 'Show Dash to Dock icon in Dash' and 'Show Dash to Dock icon in Dash'), and 'Advanced' (with options for 'Show Dash to Dock icon in Dash' and 'Show Dash to Dock icon in Dash'). The desktop background is a dark, textured image. The bottom panel shows the system tray with the date and time (10:44:23) and the system status icon.

The screenshot displays the Jira Software interface for a project named 'BootCamp Assignment 6.1'. The top navigation bar includes 'Jira Software', 'Your work', 'Projects', 'Filters', 'Dashboards', 'Teams', 'Apps', and a 'Create' button. The left sidebar contains 'Backlog', 'Board', 'Development', and 'Code'. The main content area shows the 'Backlog' view with a search bar and filters for 'Epic' and 'Type'. A list of tasks is displayed, including 'BA61-8 Extraction from aws postgres' (EXTRACTION OF DATA) and 'BA61-11 Make aws extracted data in unstructured form' (EXTRACTION OF DATA). A right sidebar shows a 'Quickstart' section with links like 'Create a project', 'Get started with scrum', and 'Create an issue'.
